Testimonials

I was impressed by the seamless organization and the high quality of the presentations. The topics were covered comprehensively, and the attention to detail extended even to the catering - the food was excellent.

Senior Director and ADC MedChem Group Head
Innovent Biologics
China

A well-organized event with excellent coordination.

Biologics CAR-T, Head Quality
Dr. Reddy's Laboratories
India

Informative - well organized, chosen speaker, full of useful information. Good opportunity to connect with the Asian colleagues, early in the year.

About the Event

Be Part of Asia's Premier Biopharma Logistics Gathering – BioSupply Chain Asia 2027

Join the 11th Annual BioSupply Chain Asia 2027 , where leading biopharma logistics executives, supply chain experts, and industry innovators come together to shape the future of cold chain and supply chain operations across Asia.

As Asia's biopharma sector continues to expand, this milestone edition will spotlight the next generation of strategies, technologies, and best practices for managing and transporting temperature-sensitive and complex therapies - from biologics and vaccines to cell and gene therapies.

Through expert keynotes, strategic panel discussions, real-world case studies, and high-value networking opportunities, participants will gain insights into the latest developments in:

Digital transformation and supply chain visibility

Cold chain innovation and advanced monitoring technologies

Regulatory compliance and operational excellence

Sustainability strategies across biopharma logistics

Building resilient and future-ready supply networks

Celebrate over a decade of industry progress and join the leaders driving the next era of biopharma logistics across Asia.

WHAT WE'LL COVER

Key Themes

Cold Chain Resilience & Real-Time Visibility

Explore strategies to strengthen cold chain operations and improve shipment visibility through smart devices, digital monitoring solutions, and advanced tracking technologies supporting temperature-sensitive biologics across Asia.

Smart Supply Chain 4.0: AI, Automation & Predictive Logistics

Discover how emerging technologies including artificial intelligence, blockchain, automation, and predictive analytics are transforming biopharma supply chain planning, risk management, and operational efficiency.

Sustainable Biopharma Logistics

Examine strategies to reduce environmental impact across cold and ambient chain operations while balancing sustainability goals with product quality, compliance, and supply chain performance.

Smart Packaging, Traceability & Shipment Integrity

Explore innovations in smart packaging, data loggers, and traceability solutions that enhance product monitoring, prevent temperature excursions, and protect biologics throughout the distribution journey.

Clinical Trial Logistics & Advanced Therapy Supply Chains

Discuss challenges and solutions for managing complex clinical trial logistics across APAC, including the transportation of biologics, personalised medicines, and temperature-sensitive therapies.

Regulatory Compliance & GxP Excellence

Understand evolving APAC regulatory expectations and best practices to ensure quality, compliance, and patient safety across the biopharma supply chain.

Building Future-Ready Biopharma Supply Networks

Connect with industry leaders to discuss collaboration models, supply chain resilience strategies, and the capabilities required to support Asia's growing biologics and advanced therapy markets.

Day 1

Tuesday, 23 March 2027

8:50 IMAPAC's Opening Remarks

8:55 **Chairman's Welcome Address**

BIOSUPPLY CHAIN ASIA 2027

Building Resilient Cold Chain & Future-Ready Biopharma Supply Chains in Asia

9:00

Leadership Panel: Building Resilient & Future-Ready Biopharma Supply Chains in Asia

- Supply network redesign under geopolitical uncertainty
- Key capabilities for the next five years
- Collaboration models with logistics partners for regional agility

9:45

Designing Digital Supply Chain Control Towers for End-to-End Visibility

- End-to-end shipment visibility
- Predictive risk monitoring across lanes
- Integrated logistics partner platforms
- Real-time analytics for disruption reduction

Reserved for Solution Provider

10:00

Building Agile Biopharma Supply Networks Across Asia

- Regional manufacturing diversification
- Supplier resilience strategies
- Biologics inventory optimization
- Disruption response frameworks

Chris Chan
Head of Supply Chain, APAC, Ipsen

10:25 **Morning Tea, Exhibition Viewing & 1-1 Networking**

BIOSUPPLY CHAIN ASIA 2027

Next-Gen Cold Chain Logistics: Real-Time Visibility with Smart Devices

11:10

Managing Temperature-Sensitive Biologics Across Global Networks

- Cold chain risk management
- Lane qualification
- Product integrity assurance
- Last-mile delivery performance

11:35

Advancing Smart Cold Chain Monitoring with IoT and Sensors

- Real-time temperature monitoring
- IoT shipment visibility
- Exception management systems
- Remote monitoring technologies

Reserved for Solution Provider

11:50

Robotics and Automated Storage and Retrieval Systems (ASRS) in Controlled Environments

- AGVs in qualified -20°C environments for safety and accuracy
- High-density urban clinical distribution storage optimisation
- WMS integration with global logistics control towers
- Reduced picking errors for patient-specific therapies

12:15

Advancing Cold Chain Excellence for Next-Generation Biopharmaceuticals

- End-to-end temperature-controlled logistics across Asia
- Real-time monitoring and predictive analytics to improve cold chain performance
- Balancing compliance, product integrity, and cost efficiency for high-value biologics

12:40

Lunch, Exhibition Viewing, Poster Presentations & 1-1 Networking

Conference Producer:
Dee Calucin · diann.calucin@imapac.com · +6562303595

Driving Sustainability in Cold and Ambient Chain Logistics

2:00

Decarbonising Global Biopharma Logistics Without Compromising Product Quality

- Sustainable transport strategies
- Scope 3 emissions reduction
- Greener distribution networks
- Sustainability measurement frameworks

2:25

Balancing ESG Goals with Supply Chain Performance

- Supplier sustainability programmes
- Sustainable procurement decisions
- Carbon reporting expectations
- Circular supply chain initiatives

Reserved for Service Provider

2:40

Designing Reusable Packaging Loops Across Highly Fragmented Asian Lanes

- Return logistics for temperature-controlled containers
- Maintenance and validation of reusable shippers
- ROI modelling for reusable vs disposable packaging
- Customs recognition for reusable assets

3:05

Afternoon Tea, Exhibition Viewing & 1-1 Networking

Smart Packaging & Traceability for Temperature-Sensitive Biologics

3:50

Intelligent Packaging Solutions for Next-Generation Biologics

- Smart reusable packaging for biologics and vaccines
- Embedded IoT sensors for real-time monitoring
- Predictive analytics for shipment performance
- Reduced product loss and sustainability gains

Conference Producer:
Dee Calucin · diann.calucin@imapac.com · +6562303595

4:15

Strengthening Global Traceability Across Temperature-Sensitive Supply Chains

- End-to-end serialization strategies
- Manufacturing-to-patient traceability
- Anti-counterfeit data systems
- Regulatory alignment for global compliance

Reserved for Service Provider

4:30

Digital Platforms for End-to-End Supply Chain Orchestration

- Connected planning systems
- Digital twins
- AI scenario modelling
- Supply chain automation

Day 2

Wednesday, 24 March 2027

8:50 IMAPAC's Opening Remarks

8:55

Chairman's Welcome Address

BIOSUPPLY CHAIN ASIA 2027

Smart Supply Chain 4.0: Predictive Logistics, AI, Blockchain & Automation

9:00

Leadership Panel: Balancing ESG Goals with Supply Chain Performance

- How can organizations balance sustainability goals with supply chain performance?
- What role do procurement and supplier partnerships play in achieving ESG targets?
- How can companies measure and reduce Scope 3 emissions across the supply chain?
- What innovations are driving circularity and greener logistics in biopharma?

9:45

Driving Enterprise-Wide Digital Transformation Across Manufacturing & Logistics

(TBC)

- Connecting planning, manufacturing and logistics through integrated digital platforms
- Using real-time data and predictive intelligence to improve end-to-end decision-making
- Automating workflows and reducing operational complexity across the supply chain
- Building scalable digital capabilities that strengthen resilience, agility and performance

Reserved for Solution Provider

10:00

Transforming Global Supply Chain Planning Through AI and Advanced Analytics

- Predictive planning
- Intelligent inventory optimisation
- Data-driven operational excellence
- Building resilient digital ecosystems

Planning Lead, Organon

10:25 **Morning Tea, Exhibition Viewing & 1-1 Networking**

BIOSUPPLY CHAIN ASIA 2027 | CLINICAL TRIALS FESTIVAL ASIA 2027

Transforming Clinical Trial Logistics in APAC

11:10

Engineering the Next Generation of Biopharma Manufacturing: Building Scalable, Smart & Resilient Facilities

- Connecting planning, manufacturing and logistics through integrated digital platforms
- Using real-time data and predictive intelligence to improve end-to-end decision-making
- Automating workflows and reducing operational complexity across the supply chain
- Building scalable digital capabilities that strengthen resilience, agility and performance

Maneesh Ghildyal
VP & Global Head, Projects & Engineering, Biocon Biologics

11:35

Optimising Decentralised Clinical Trials Through Connected Logistics Technologies

- Enabling direct-to-patient and site-to-patient deliveries
- Real-time shipment visibility through connected monitoring platforms
- Reducing risk with predictive temperature and lane analytics
- Supporting patient-centric clinical trials with integrated logistics solutions

Reserved for Solution Provider

11:50

Transforming Clinical Trial Supply Chains for Faster & Smarter Research

- Demand forecasting and inventory strategies
- Enhancing visibility and coordination across sponsors, depots, and logistics partners
- Digital technologies to improve trial supply agility while maintaining regulatory compliance

12:15

Lunch, Exhibition Viewing, Poster Presentations & 1-1 Networking

BIOSUPPLY CHAIN ASIA 2027

Meeting Regulatory Expectations & GxP Compliance in Asia

2:00

Maintaining Cold Chain Compliance Across Global Distribution Networks

- GDP best practices
- Cold chain qualification
- Supplier oversight
- Audit preparedness

2:25

Advancing Singapore as Asia's Trusted Biopharma Manufacturing Hub

- Singapore's Manufacturing 2030 strategy
- Building resilient biopharma supply chains
- Public-private partnerships driving innovation
- Future investments in advanced biomanufacturing

Reserved for Service Provider

2:40

Strengthening Global GxP Compliance Across Complex Biopharma Supply Chains

- Building harmonised GxP quality systems across global operations
- Strengthening supplier qualification, oversight, and risk management
- Leveraging digital technologies to improve compliance, traceability, and inspection readiness
- Driving continuous quality improvement while maintaining supply chain resilience

Emma Dernelley
Senior Director, Distribution & Regional Quality APAC, BeOne Medicines

BIOSUPPLY CHAIN ASIA 2027

Future-Proofing Biopharma Supply Chains in Asia 2027-2030

3:50

Leadership Panel: Future-Proofing Biopharma Supply Chains in Asia 2027-2030

- What will define Asia's next-generation biopharma supply chain?
- How can organizations accelerate AI and digital transformation without compromising quality and compliance?
- What's the one priority supply chain leaders should focus on to stay competitive over the next five years?

4:35

Aligning Manufacturing, Supply Chain & Market Access

- Coordinating manufacturing, supply planning, and commercial teams for successful product launches
- Managing demand uncertainty during new product introductions
- Ensuring supply continuity while accelerating speed to market

ASIA-PACIFIC
BIOPHARMA EXCELLENCE
AWARDS 2027

Asia-Pacific Biopharma Excellence Awards 2027

23RD MARCH 2027SANDS EXPO & CONVENTION CENTRE, SINGAPORE

The Asia-Pacific Biopharma Excellence Awards (ABEA) 2027 aims to honour exceptional achievements in the Asian biopharma sector, recognizing excellence in bioprocessing, logistics and supply chain management, antibody-drug conjugates (ADC), and clinical trials over the past year. Celebrating the remarkable contributions of leading biopharma professionals, organizations, and technologies, the awards spotlight trailblazing leaders and trendsetters shaping the industry's future while inspiring innovation for tomorrow's biopharma landscape.

TERMS & CONDITIONS

Payment & Registration
Full payment is due upon registration if you pay by credit card, or 3 working days after receipt of invoice. Registration will not be confirmed until full payment has been received.
Unpaid registration will be billed 50% of the registration fee if you do not attend the event. A copy of the conference documentation will be mailed to you. Staff at the event will request a credit card guarantee for delegates without proof of payment.

Ticket Classification
All registrations are reviewed to ensure correct classification. Biopharma tickets are reserved for professionals employed by pharmaceutical or biopharmaceutical companies that develop, own or commercialise therapeutic drug products. Service, Solution and Technology Provider tickets apply to organisations offering services, platforms, technologies, equipment, consultancy or manufacturing services to the industry (including CROs, CDMOs, vendors, consultants and suppliers).
Purchasing an incorrect ticket does not guarantee entry. IMAPAC retains full discretion to deny access, reclassify registrations and issue an invoice for the price difference. Incorrect ticket purchases under an inappropriate classification are not eligible for refunds under any circumstances.

Cancellation & Substitution Policy
Cancellations must be received in writing. If the cancellation is received more than 14 days before the conference, attendees will receive a full credit note towards a future conference. Cancellations received 14 days or less (including the fourteenth day) prior to the conference will be liable for the full fee.
A substitution from the same organisation can be made at any time in writing at no extra charge. In the event that IMAPAC cancels a conference, payments received at the cancellation date will be credited towards attendance at a future conference, or in the event of postponement by IMAPAC, towards the rescheduled date. Credit notes remain valid for twelve months.

Changes to Conference & Agenda
IMAPAC reserves the right to postpone or cancel an event, to change the location or alter the advertised speakers for an event. IMAPAC is not responsible for any loss or damage as a result of substitution, alteration, postponement or cancellation of an event due to causes beyond its control including, without limitation, acts of God, natural disasters, sabotage, accident, trade or industrial disputes, terrorism or hostilities. In the event that a conference is cancelled, IMAPAC is not liable for any costs incurred by delegates in connection with their attendance. Changes to the agenda will be updated on our website as soon as possible.

Data Protection
The personal information shown and/or provided by you will be held in a database. It may be used to keep you up to date with developments in your industry. Sometimes your details may be obtained or made available to reputable third parties for marketing purposes. If you do not wish your details to be used for this purpose, please write to: data@imapac.com.
