Testimonials

Better Health, Brighter Future

The ADC Asia Congress provided an excellent platform for meaningful exchange. The strong emphasis on translating upstream innovation into manufacturing impact was particularly valuable.

**Head of Biotherapeutics Process Development,
Pharmaceutical Sciences**

Takeda

Japan

It was a very valuable conference experience. The meeting offered a strong scientific programme, and it was inspiring to hear high-quality work from other groups. Beyond the content itself, the conference was especially useful for building new connections.

CTO

Singzyme

Singapore

Great experience! Nice speakers and exhibitions!

CEO

HoneyBear Biosciences, Inc.

Taiwan

Good selection of topics and speakers

**Senior Scientist, Bioprocessing Technology
Institute**

A*STAR

Singapore

This 2nd ADC Asia Congress was well organized with lots of excellent speakers and informative materials. Well organized to ensure everyone in the ADC field to get to know the state of art in this fast growing field.

CEO

PinotBio

South Korea

It was a fantastic experience speaking at the 2nd ADC Asia Congress. The event showcased cutting-edge advancements in the field and provided a valuable platform for meaningful discussions with key industry leaders. I look forward to seeing how this community continues to grow.

**Senior Director and ADC MedChem Group
Head**

Innovent Biologics

China

About the Event

ADC Asia Congress 2027 is the region's premier gathering dedicated to advancing Antibody-Drug Conjugates (ADCs), bringing together global innovators, biopharma leaders, researchers, manufacturers, investors, and solution providers from across the Asia-Pacific ecosystem. As ADCs continue to reshape the future of targeted cancer therapies, the congress serves as a strategic platform to explore the latest breakthroughs in discovery, conjugation technologies, payload development, manufacturing, clinical development, regulatory strategies, and commercialisation.

Designed to foster collaboration and accelerate innovation, the conference features high-level keynote presentations, technical case studies, panel discussions, and networking opportunities with leading pharmaceutical and biotechnology companies from across Asia and beyond. ADC Asia Congress 2027 offers attendees unparalleled access to industry insights, emerging trends, strategic partnerships, and business opportunities driving the next generation of precision medicine and oncology therapeutics.

WHAT WE'LL COVER

Key Themes

Asia's Leadership in ADC Innovation

Highlighting Asia's emergence as a global powerhouse in ADC R&D, fueled by biotech innovation, strategic partnerships, and late-stage clinical pipelines.

Next-Generation ADC Discovery & Design

Focus on pioneering novel targeting strategies, linker-payload technologies, and discovery platforms shaping the future of ADCs

Translational Excellence: From Bench to Bedside

Addressing the critical path from preclinical insights to successful clinical outcomes, and emphasizing safety, efficacy, and regulatory considerations.

Manufacturing, CMC & Quality Optimization

Showcasing innovative approaches in Chemistry, Manufacturing, and Controls (CMC), including process efficiency, quality control, and scale-up technologies.

Commercialization, Partnerships & Investment in Asia

Showcasing licensing, partnering, and funding strategies driving growth and commercialization success in the Asian ADC market.

Sponsors & Media Partners

AGENDA AT A GLANCE

CONFERENCE DAY 1 23RD MARCH 2027	CONFERENCE DAY 2 24TH MARCH 2027
Leadership Panel Discussion Building Asia's Global Leadership in ADCs	Advancing Payloads and Linker Technologies for Next-Generation ADCs
MORNING BREAK – EXHIBITION VIEWING & 1-1 ATTENDEES NETWORKING	
Discovery Innovative Pathways in ADC Discovery: Unlocking Next-Gen Targeting Strategies	Safety and Efficacy Balancing Safety and Efficacy in ADCs: Overcoming Challenges for Effective Treatment
LUNCH – EXHIBITION VIEWING & 1-1 ATTENDEES NETWORKING	
Advancing Pre-Clinical Research Bringing the Gap: From Pre-Clinical Insights to Clinical Success in ADC Development	ADC Biopharma Showcase Pioneering Innovation and Excellence in Antibody-Drug Conjugates
AFTERNOON BREAK – EXHIBITION VIEWING & 1-1 ATTENDEES NETWORKING	
Formulation & Stability Ensuring ADC Stability & Optimized Formulation for Maximum Efficacy	Closing Roundtable Discussion: Bridging the Gaps: Practical Solutions for Manufacturing, Trials, Logistics & Drug Development in Asia
ASIA-PACIFIC BIOPHARMA EXCELLENCE AWARDS 2027	

8:50

Chairman Opening Remarks

Leadership Panel Discussion: Building Asia's Global Leadership in ADCs

9:00

Panel Discussion: Platform to Pipeline: What It Takes to Win in APAC's ADC Race

- Comparing conjugation and payload strategies driving differentiation among leading APAC ADC platforms
- Navigating licensing, out-licensing, and Western partnership deals from a China/APAC vantage point
- Scaling from platform validation to clinical and manufacturing readiness in a capacity-constrained market

9:25

Accelerating Development Timelines: Innovative Technologies for ADCs

- Showcasing next-generation technologies enabling faster process development and optimization.
- Exploring advanced analytical tools for improving product characterization and quality control.
- Examining innovations in conjugation, formulation, and delivery technologies for ADCs and novel therapeutics.
- Discussing how technology providers and CDMOs can support rapid clinical and commercial manufacturing.

Reserved for Solution Provider

9:50

Advancing ADC Development: Enhancing Speed, Quality and Commercial Readiness

- Implementing platform-based approaches to accelerate ADC development timelines.
- Improving cell line development, process development, and analytical characterization strategies.
- Balancing innovation, cost-efficiency, and regulatory compliance throughout product development.

10:30

Morning Break – Exhibition Viewing & 1-1 Networking

Discovery: Innovative Pathways in ADC Discovery: Unlocking Next-Gen Targeting Strategies

11:15

Innovative Linker Strategies: Improving Stability and Tumor-Specific Activation

- pH-sensitive and enzymatically cleavable linkers for targeted release
- Strategies to minimize systemic toxicity and maximize drug release efficiency
- Engineering linkers to overcome multi-drug resistance in tumors

11:40

Overcoming ADC Resistance: Strategies for Enhancing Tumor Cell Killing

- Mechanisms of resistance: ADC efflux, antigen loss, and lysosomal degradation
- Combination therapies: ADCs with checkpoint inhibitors and targeted therapies
- Approaches to optimize ADC recycling and increase intracellular payload delivery

Reserved for Solution Provider

12:05

Targeted Immune-Stimulatory Payloads: Harnessing the Immune System for ADC Therapy

- Using ADCs to deliver immune-activating molecules directly to tumors
- Payloads designed to stimulate T cells, NK cells, or macrophages in the tumor microenvironment
- Combination strategies with immune checkpoint inhibitors to enhance anti-tumor responses

12:30

Lunch – Exhibition Viewing & 1-1 Networking

Advancing Pre-Clinical Research: Bringing the Gap: From Pre-Clinical Insights to Clinical Success in ADC Development

2:15

Advancing Clinical Progress of Next-Generation ADC Pipelines in East Asia

- Sharing latest clinical trial updates and milestones from ongoing ADC programmes in East Asia
- Highlighting early efficacy, safety, and translational data across solid tumour and haematology indications
- Discussing regulatory pathways and strategies to accelerate ADC approvals in Asia and global markets

2:40

The Next Wave of ADC Approvals: Key Learnings from Recent FDA and EMA Submissions

- Clinical trial design strategies that accelerate ADC approval
- Overcoming safety concerns: Managing off- target toxicity
- Case studies of recent successful ADC approvals and regulatory hurdles

Reserved for Solution Provider

3:20

Translating ADC Innovation into Clinical Success Across East Asia

- Showcasing breakthrough clinical achievements and first-in-human data from East Asian biopharma companies
- Sharing lessons learned from ADC clinical development, manufacturing readiness, and global partnering efforts
- Evaluating the future landscape of ADC therapeutics including dual payloads, novel targets, and next-generation conjugation platforms

3:45

Afternoon Break – Exhibition Viewing & 1-1 Networking

ADC ASIA
CONGRESS 2027

Formulation & Stability: Ensuring ADC Stability & Optimized Formulation for Maximum Efficacy

4:15

Purification and Analytical Strategies for High-Quality ADCs

- Advanced purification approaches to remove aggregates and free payloads
- Analytical methods for characterization: DAR, stability, and impurity profiling
- Addressing scalability challenges in downstream processing

4:40

Linker Innovation: Enhancing Stability and Controlled Drug Release

- Cleavable vs non-cleavable linkers: design considerations and trade-offs
- Tumor-selective release mechanisms and microenvironment triggers
- Improving plasma stability to reduce systemic toxicity

4:55

Optimizing Payload-Linker Integration for Superior ADC Performance

- Synergizing linker and payload design to maximize therapeutic index
- Impact of conjugation chemistry on payload delivery and efficacy
- Translational insights from preclinical optimization to clinical outcomes

Day 1

5:20

Chairman Closing Remarks

5:25

END OF CONFERENCE DAY 1

6:00

ABEA AWARDS 2027

8:55

Chairman Opening Remarks

Advancing Payloads and Linker Technologies for Next-Generation ADCs

9:00

Enhancing ADC Yield and Consistency: Advances in Bioconjugation Technologies

- Site-specific vs. random conjugation: Impact on ADC stability and efficacy
- AI-driven process optimization for consistent drug-to-antibody ratio (DAR)
- Novel bioconjugation chemistries to improve homogeneity

9:25

Engineering Beyond the First Wave of Next-Gen ADCs

- Emerging conjugation and linker chemistries pushing past current DAR and stability limitations
- Novel payload classes beyond topoisomerase inhibitors and their differentiated mechanisms of action
- Adjacent modalities: bispecific ADCs, degrader-conjugates, and immune-stimulating payloads reshaping the pipeline

10:15

Purification and Formulation Strategies for ADC Manufacturing

- Addressing aggregation and stability challenges during ADC purification
- Advances in chromatography techniques for high-purity ADC isolation
- Lyophilization and storage considerations for long-term ADC stability

10:30

Morning Break – Exhibition Viewing & 1-1 Networking

Safety and Efficacy: Balancing Safety and Efficacy in ADCs: Overcoming Challenges for Effective Treatment

11:15

Enhancing ADC Performance: Tackling Toxicity and Resistance

- Addressing dose-limiting toxicities in clinical settings
- Overcoming resistance through novel design approaches
- Role of dual payloads and combination strategies

11:40

Enhancing ADC Yield and Consistency: Advances in Bioconjugation Technologies

- Site-specific vs. random conjugation: Impact on ADC stability and efficacy
- AI-driven process optimization for consistent drug-to-antibody ratio (DAR)
- Novel bioconjugation chemistries to improve homogeneity

Reserved for Solution Provider

12:05

Enhancing ADC Performance: Tackling Toxicity and Resistance

- Addressing dose-limiting toxicities in clinical settings
- Overcoming resistance through novel design approaches
- Role of dual payloads and combination strategies

12:30

Lunch – Exhibition Viewing & 1-1 Networking

ADC Biopharma Showcase: Pioneering Innovation and Excellence in Antibody-Drug Conjugates

2:10

Clinical Development Updates and Future Directions for Emerging ADC Therapies

- Presenting Phase I–III clinical progress and pipeline expansion strategies for novel ADC candidates
- Exploring patient selection, biomarker strategies, and combination therapy approaches in clinical studies
- Addressing key challenges in dose optimisation, toxicity management, and clinical differentiation

2:35

Dual-Targeting and Bispecific ADCs: Enhancing Tumor Selectivity

- Development of bispecific ADCs to improve tumor penetration
- Addressing tumor heterogeneity with dual- antigen recognition
- Engineering strategies to reduce off-target effects

Reserved for Solution Provider

2:50

Leadership Panel Discussion: Current Market Trends and Future Directions for ADCs

- Expanding ADC applications beyond oncology: Autoimmune diseases and infectious diseases
- Investment trends in ADC biotech startups and big pharma partnerships
- Navigating global regulatory requirements: Differences in approval pathways

3:15

Afternoon Break – Exhibition Viewing & 1-1 Networking

Closing Roundtable Discussion: Bridging the Gaps: Practical Solutions for Manufacturing, Trials, Logistics & Drug Development in Asia

4:20

Biologics Manufacturing Asia

- Scaling Smarter: How Can We Drive Process Intensification Without Compromising Quality?
- Future-Proofing Biomanufacturing: What Does a Truly Agile, Digital-First Facility Look Like in Asia?
- CMC Excellence in a Complex World: What Frameworks Enable Seamless Quality, Analytics, and Compliance?

ADC Asia Congress

- Cracking the Code on ADC Stability: What Formulation Innovations Are Showing Real Results?
- From Bench to Bedside: What's Missing in Translating Preclinical ADC Wins to Clinical Success?
- Strategic Licensing in the Asian ADC Market: Unlocking Growth Opportunities

BioSupply Chain Asia

- Building a Smart, Resilient Cold Chain: What Technologies Are Actually Reducing Risk Today?
- Greener Logistics: How Can APAC Balance Efficiency and Sustainability in Biopharma Supply Chains?
- Intelligent Supply Chains: How Are AI, Blockchain, and Automation Rewiring Biopharma Operations?

Clinical Trial Asia

- Winning Over Patients: What Engagement Strategies Are Reshaping Clinical Trial Participation in Asia?
- Trial Tech & Trust: How Can We Ensure Data Integrity While Embracing AI in Clinical Research?

Oligos & Peptides Asia

- Beyond Purity: Tackling Oligonucleotide Impurities & Analytical Challenges
- Beyond Purity: Managing Peptide Aggregation, Degradation & Stability

Day 2

5:20

END OF CONFERENCE DAY 2

Awards & Recognition

**ASIA-PACIFIC
BIOPHARMA EXCELLENCE
AWARDS 2027**

Asia-Pacific Biopharma Excellence Awards 2027

**23RD MARCH 2027 SANDS EXPO & CONVENTION CENTRE,
SINGAPORE**

The Asia-Pacific Biopharma Excellence Awards (ABEA) 2027 aims to honour exceptional achievements in the Asian biopharma sector, recognizing excellence in bioprocessing, logistics and supply chain management, antibody-drug conjugates (ADC), and clinical trials over the past year. Celebrating the remarkable contributions of leading biopharma professionals, organizations, and technologies, the awards spotlight trailblazing leaders and trendsetters shaping the industry's future while inspiring innovation for tomorrow's biopharma landscape.

Why Sponsor This Event?

Thought Leadership

Present Your Expertise to the Biopharma Industry's Key Stakeholders through a Variety of Available Speaking Packages.

Host a Panel Discussion

Moderate a panel discussion including one representative from your company with 3 representatives from the end user side to share views on a current industry topic

Duration: 45 minutes

Showcase Your Solutions to Educate the Market

Join in for dedicated CMO & CRO Showcases

Branding

Emphasize on your Message by Marketing and Promoting Alongside the Event

Networking & Lead Generation

Gain Exclusive Access to Contacts of High Profile Attendees through Intimate Networking Opportunities

TERMS & CONDITIONS

Payment & Registration
Full payment is due upon registration if you pay by credit card, or 3 working days after receipt of invoice. Registration will not be confirmed until full payment has been received. Unpaid registration will be billed 50% of the registration fee if you do not attend the event. A copy of the conference documentation will be mailed to you. Staff at the event will request a credit card guarantee for delegates without proof of payment.

Ticket Classification
All registrations are reviewed to ensure correct classification. Biopharma tickets are reserved for professionals employed by pharmaceutical or biopharmaceutical companies that develop, own or commercialise therapeutic drug products. Service, Solution and Technology Provider tickets apply to organisations offering services, platforms, technologies, equipment, consultancy or manufacturing services to the industry (including CROs, CDMOs, vendors, consultants and suppliers). Purchasing an incorrect ticket does not guarantee entry. IMAPAC retains full discretion to deny access, reclassify registrations and issue an invoice for the price difference. Incorrect ticket purchases under an inappropriate classification are not eligible for refunds under any circumstances.

Cancellation & Substitution Policy
Cancellations must be received in writing. If the cancellation is received more than 14 days before the conference, attendees will receive a full credit note towards a future conference. Cancellations received 14 days or less (including the fourteenth day) prior to the conference will be liable for the full fee. A substitution from the same organisation can be made at any time in writing at no extra charge. In the event that IMAPAC cancels a conference, payments received at the cancellation date will be credited towards attendance at a future conference, or in the event of postponement by IMAPAC, towards the rescheduled date. Credit notes remain valid for twelve months.

Changes to Conference & Agenda
IMAPAC reserves the right to postpone or cancel an event, to change the location or alter the advertised speakers for an event. IMAPAC is not responsible for any loss or damage as a result of substitution, alteration, postponement or cancellation of an event due to causes beyond its control including, without limitation, acts of God, natural disasters, sabotage, accident, trade or industrial disputes, terrorism or hostilities. In the event that a conference is cancelled, IMAPAC is not liable for any costs incurred by delegates in connection with their attendance. Changes to the agenda will be updated on our website as soon as possible.

Data Protection
The personal information shown and/or provided by you will be held in a database. It may be used to keep you up to date with developments in your industry. Sometimes your details may be obtained or made available to reputable third parties for marketing purposes. If you do not wish your details to be used for this purpose, please write to: data@imapac.com.

A VARIETY OF PRODUCTS TO CATER TO GLOBAL BIOPHARMACEUTICAL INDUSTRY'S MARKET INTELLIGENCE AND BUSINESS CONNECTIONS NEEDS.

01 B2B EVENTS

Thought-leadership, industry knowledge-sharing and quality networking are at the core of IMAPAC's B2B events.

Create an engaging experience for your audiences, explore our B2B Events Solutions.

02 360 MARKETING SOLUTIONS

Expand your reach and influence! Be it with customized events, digital marketing solutions, content creation or thought-leadership.

Tap into our pool of audience that spans across various sub-sectors and regions critical in the burgeoning APAC biopharmaceutical sector.

03 DASHBOARDS

A quick-view analytics tool to power your decisions. Access region or country-specific data to uncover pipeline information, product focus.

Customize the dashboard based on your needs. Drill down to the data you need using custom views.

04 CUSTOM RESEARCH

Based on your objectives and budget, you can customize a package to one that best meets your intelligence needs. This allows you to maximize your ROI without spending on items that are not in line with your strategies.

With access to a database of 60,000+ life science professionals. We conduct research with a highly-qualified audience.

05 REPORTS

Discover in-depth market information of the growing biopharmaceutical sector.

HELPING THE GLOBAL BIOPHARMACEUTICAL INDUSTRY

Generate Tangible Growth

IMAPAC is the one-stop shop of market intelligence and business connections for the global biopharmaceutical industry. We help companies expand their influence, make data driven decisions through our industry intelligence, and link up with other biopharmaceutical professionals to exchange knowledge and engage in quality networking. At the

core of IMAPAC is our mission to help biopharmaceutical businesses globally generate tangible growth. At the same time, our heart lies in giving back to society. We empower the next generation by equipping underprivileged children with an education.
